

Processors Contract

Processor Name: _____ **ID Code** _____

Processors Address: _____

Processors responsibilities:

1. I, the undersigned, accept to abide by the OCCP organic standards as well as the organic agricultural principles.
2. I will not and/or avoid where ever possible the use of any chemical substance(s) in my processing area.
3. I shall strictly adhere to the following organic principles;
 - use of organic raw materials, when available
 - avoid the use of GMO materials;
 - avoid environmental degradation and deterioration;
4. I will engage myself to follow the organic management training program as organized by OCCP.
5. In case I committed any violation of the organic principles, I will report this to the certifying body.
6. I understand that any violation(s) of the organic principles will lead to the exclusion of my production or of the entire production.
7. I will allow inspection by any person authorized by the organization or by the certifying body.

Responsibility of OCCP:

1. Will ensure that all information will be kept confidential.
2. Will provide necessary information related to the product applied to be certified.
